

**Dear Christian Friend,**

The enclosed DVD, ***Mexico's Indigenous People – One Story for All***, is a gift to be shared with others. The chapters on the DVD provide a variety of information concerning the people, their environment, and their culture. This will enable you to have a better understanding of the peoples of **Mexico** as well as how you can become involved in reaching them for Christ. A brief summary of each of the chapters is provided on the flyer inside.

The indigenous people ... those who lived in Mexico before the arrival of the Spanish colonists ... make up about 10% of the country's population. There are 62 officially recognized indigenous groups. Among these people, over 300 dialects and languages are spoken (non-Spanish). The clothes they wear, the language they speak, the place they live and their traditional worship practices distinguish one group from another. ***Historia Unica***, ... the one story concept, ... makes use of the story-telling skills of the various indigenous people groups. The Bible is taught in a way that all people can understand in their own language and culture. The Oral Bible that they receive is able to be shared with others, even if their language is not written or they are unable to read. The purpose of these stories is to share God's message to all peoples. Even if the Bible was available in every language, it is difficult for many to commit their lives to Jesus Christ because of their traditional beliefs.

Our desire is that this DVD will help you understand about the challenges of sharing God's Story with the indigenous peoples of Mexico as well as how better to pray that God's Story would penetrate all peoples in Mexico. Please pray that many will realize the urgency of the task of sharing the Good News of Jesus.

Share the enclosed DVD with your friends and your church family. Please go to [www.ethnomex.com](http://www.ethnomex.com) for more information and discover how you can be involved.
